I Climb

Thousand Foot Krutch

From in the middle of the room
She hears the conversation moving
Further from where she's going
Without even knowingNow the vibrations in the floor
Are getting closer to the door
And is this the way you
Let your problems drift away to?I climb so high it blows me away sometimes
See through my holes into this place I call my own
This time I'll try it's in the air tonight
Sleep tonight, no more cryin'
'Cause I've got you on my sideI don't want you to be anything at all
I just want you to say you love me
I don't care, just stop living like thisI don't want to be anything at all
I just want you to see who I am
And stop the violence no more silenceFrom in the middle of the room
She hears the conversation moving
Further from where she's going
Without even knowing, knowingNow the vibrations in the floor
Are getting closer to the door
And is this the way you
Let your problems drift away to?I climb so high it blows me away sometimes
See through my holes into this place I call my own
This time I'll try it's in the air tonight
Sleep tonight, no more cryin'
'Cause I've got you on my sideI don't want you to be anything at all
I just want you to say you love me
I don't care, just stop living like thisI don't want to be anything at all
I just want you to see who I am
And stop the violence no more silenceI'm gonna show ya I'm alive
Breathing clearly for the first time
Hold me in your arms
Take me to the place where you areI needed time to clear my mind
Keeping balanced on this line
Was impossible before I met youI climb so high it blows me away sometimes
Sleep tonight, no more cryin'
'Cause I've got you on my sideI don't want you to be anything at all
I just want you to say you love me
I don't care, just stop living like thisI don't want to be anything at all
I just want you to see who I am

And stop the violence no more silenceI'll shout from the top of the rooftop singing
I'm not afraid of the bed I lay in
Listen to the sound of voices ringing
I can't deny it, no more silenceShout from the top of the rooftop singing
We're not afraid of the bed we lay in
Listen to the sound of the voices ringing
I can't deny it, no more silence
