

# Wife In Law

## Busta Rhymes

Yeah yeah yeah yeah  
Yeah yeah yeah yeah  
Yeah yeah yeah yeah yeah  
Jah and Busta-Bus  
Jaheim and Busta baby  
Jah and Busta baby, oh

Yeah, wife in law, my bitch for the triflin' whore  
Type of bitch to make a nigga get the right things for  
Bitch sexy, and beautiful, and gangsta, and golden  
Love to fuck a nigga till the pussy dry and swollen  
My lil' bitch had a figure like a wine glass  
Slim bitch stackin' like a motherfucker with a fine ass  
Word to mother, bitch nasty like me  
Love to fuck a nigga in places where people could see  
The bitch tongue send a chill like cold freezin' a nigga  
The way she holdin' and bitin' and suckin' and squeezin' a nigga  
Down and dirty bitch never dick teasin' a nigga  
Got her own paper and focused on pleasin' a nigga  
She ain't out for gettin' a nigga or fuckin' my life  
She only wanna fuck a nigga while he fuckin' his wife  
There was nuttin' she couldn't achieve  
In the mornin' bitch was across the street waitin' for wifey to leave  
Called me on the cell while the wife was runnin' a bath  
She can't wait for me to fuck her, till I cum in her ass  
Just a long-time chick I used to fuck from the past  
She love to out-fuck a nigga, see how long I could last  
It be nice the way she always let me dig in her rib  
The bitch fuck a nigga like she wanna move in my crib  
Bitch I always knew ya ass was a star  
In the daytime, whippin' the drop top, givin' me head in my car  
When a woman needs love, just like you do  
Oh, don't kid yourself, into thinkin' that you don't  
'Cuz she will fool around, just like you do  
Oh, don't kid yourself, into thinkin' that she won't

C'mere bitch and place ya pussy right where it belong  
And put me in the mood to fuck just like a Jodeci song  
I love the little freaky shit you be approachin' me on  
Dick all in ya mouth, you know what type of shit I be on

The way the pussy lock feel like we about to be stuck  
All outside busy, givin' me the balcony fuck  
Hold on get up off of me quick  
Bitch grab the X.O. and suck the Hennessey up off of my dick  
So quick, so fast, bitch'll come out her skirt  
Fuck a nigga till it hurt, while the wifey at work  
The bitch'll even call her girl so I can fuck with her friend  
And fall asleep to wake up and start fuckin' again  
Straight nasty little bitch no horsin' around  
The bitch even want me to fuck her when she walkin' around  
Hold up, it's kinda ill how we be workin' the caper  
She ain't only good for pussy, she be givin' me paper  
Wife in law, my bitch be always keepin' it raw  
Always slidin' out before the wifey walk in the door  
They way she fuck me on straight for the night  
Wifey still ain't make it home, I wonder if she workin' late for tonight  
Wifey actin' funny style but I ain't fuckin' with that  
She ain't call the crib so I wonder where wifey was at  
Hm shit kinda had me buggin' before  
But now I laugh because wifey had a husband in law  
When a woman needs love, just like you do  
Oh, don't kid yourself, into thinkin' that you don't  
'Cuz she will fool around, just like you do  
Oh, don't kid yourself, into thinkin' that she won't  
When a woman needs love, just like you do  
Oh, don't kid yourself, into thinkin' that you don't  
'Cuz she will fool around, just like you do  
Oh, don't kid yourself, into thinkin' that she won't  
Heh, heh
