

# Memphis City Rain

## Angie Aparo

I am a song  
I've been here all along  
Be here when the hatred's gone  
Hey can you recognize me  
I am the light of the sun  
CHORUS:  
And if you come with me  
And if you let it be  
And sing my melody  
Yeah  
And sing my melody  
Then it don't have to wash away in a Memphis city rain  
(All the world's a long time away)  
(All the world's a long time away)  
All the hatred not to be fading  
For the love to give yeah  
Love to give yeah  
I am a song  
But I'm not the one, no  
They used to march their guns  
And every child knows me  
I am the light of the sun
