

# The Missing I Wanna Do

[Darwin Deez](#)

we threw a blanket on the wet ground and found Orion,  
under the apple tree you and me safe and silent,  
watching the stars glow girl I'm so glad we're here together,  
but you're on me like a fire and oh you cant rush forever,see I like you but oh you move so fast,  
I want it to last,so can we go slow,  
cause I wanna be all for you,  
and if I'm never alone then, how?  
how will I do the missing I wanna do?  
cause I wanna miss you,and if we die here drinking beer,  
gazing at the blue moon,  
then you can marry me,  
otherwise, soon is too soon,cause I like you, but oh I like my space,  
and it isn't a race,so can we go slow,  
cause I wanna be all for you,  
and if I'm never alone then, how?  
how will I do the missing I wanna do?I need you here believe me dear,  
but I need you gone for a while though,  
I need to pour more over my findings,  
of what I feel when your smile shows,so can we go slow,  
cause I wanna be all for you,  
and if I'm never alone then, how?  
how will I do the missing I wanna do?  
cause I wanna miss you,so can we go slow,  
cause I wanna be all for you,  
and if I'm never alone then, how?  
how will I do the missing I wanna do?  
cause I wanna miss you.
