

Something About You

Five for Fighting

It's been a long time coming
It's been a long time coming
It's been a long time coming I don't know where to begin
I don't know how to get out there to see you
Well I don't know where to dig in
I don't know how to get in there to feel you It's been to long and I'm about to be
In time for me
It's been to long and I'm in time
I'm in time Baby there's something about you that
I can hold on to I'm gonna hold on to that
Baby there's something about you that
I can hold on to I'm gonna hold on to that Well I never thought I would win
I never thought much about that
It's been a long time coming I never stopped to begin
Thinking about the process
It's been a long time coming It's been to long and I'm about to be
In time for me
It's been to long and I'm in time
Yeah I'm in time Baby there's something about you that
I can hold on to I'm gonna hold on to that
Baby there's something about you that
I can hold on to I'm gonna hold on to that I'm gonna be there, be there
Alright, alright I don't know where to begin
I don't know how to get out there to see you Baby there's something about you that
I can hold on to I'm gonna to hold on to that
Baby there's something about you that
I can hold on to I'm gonna to hold on to that Baby there's something about you that
I can hold on to I'm gonna to hold on to that It's been a long time coming
It's been a long time coming
It's been a long time coming
It's been a long time coming
It's been a long time coming
I'm gonna to hold on to that
