

Do You Believe in Magic? (Live in Germany 1971)

Nektar

Thought I'd lost my way back home
With no directioning at all
Thought I'd have to run and hide
And I won't hurt nobody's pride, oh, yes Do you believe in magic now
Yes I do, I really do, all the time
Would you say that I was a fool
Yes I would, I really would, and it's true Now I found my way back home
With no directioning at all
Now I don't have to run and hide
'Cos I won't hurt nobody's pride Do you believe in magic now
Yes I do, I really do, all the time
Would you say that I was a fool
Yes I would, I really would, and it's true

My
Mind
Won't
Take it
My
Mind
Won't
Take it
Take it
It won't take it
It won't take it
It
Won't
Take
