Cold Sweat

Batmobile

Move me baby you drive me crazy
You move me baby you're giving me
Cold Sweat
You make me loose my head
Cold Sweat
I think of you in bed
Cold Sweat
You drive me mad
You're giving me Cold Sweat

Make me hot girl
Make my head whirl
When you're body's aching
You're giving me

Give me a heart attack
When you're so close to me
When you're body's aching
You're giving me
