Meet In Massachusetts

Andrew Horn

She's from new hampshire
And I'm from New york
She's got it all together
I'm just fallin apartShe says that love is
For anyone who's willing to cry
I've had a lotta loss
But I'm still willing to try...and she saysIf were ever gonna do this
We better meet in MassachusettsFor a Boston Boston
Better kind of love
Boston Boston
It's all I'm dreaming ofNow you can keep your accent
And i'll learn a line or two
But we'll never have to pretend
That I'm so in love with youAnd some day we'll get married
And when I give this ring to you
We'll tell all our family
About how we always knewBut if were ever gonna do this
We better meet in MassachusettsFor a Boston Boston
Better kind of love
Boston Boston
It's all I'm dreaming ofSo if we're ever gonna do this
We better meet in MassachusettsFor a Boston Boston
Better kind of love
From Cambridge to Alston
It's all I'm dreaming of
And If I ever lost it
I'd never find enough
Meet me in Boston Boston
For a better kind of loveSo if we're ever gonna do this
We better meet in Massachusetts
