Taking Chances

There for Tomorrow

I knew it would be so simple
To never count the things you've had
You traded all your memories to
Appreciate it all without your mind just feeling
Without your mind just feeling trappedI hope it's not the lastDon't take your chances with circumstances
I know you're better than thatThe thought of being so alone
Takes away from what you swore you could've known
I can't hear you speaking
I'm still not competing with you, with youOh, how I hope you don'tTake your chances with circumstances
I know you're better than that
I thought you would take advantage, woah
I know you're much better than thatMuch better than that, woah
So keep your mind from feeling trappedI hope it's not the lastOh, how I hope you don't take your chances
I know you're better than that
Don't take your chances with circumstances
I know you're better than thatSo please don't take your chances with circumstances
I know you're, I know you're
I know you're better than thatMuch better than that
So keep your mind from feeling trapped
Much better than thatOh, how I hope you don'tTake your chances, take your chances
Take your chances, take your chances
Take your chances
