The New Division

To my knowledge there's nobody in this town
But I see your face and hair shinning like gold
You walked up to me and told me to sit down
You bring me food as I walk into your home"What are you doing here?" she asked in Romanian
I didn't know how to respond in her words
I simply looked into her eyes then I kissed her
She threw me and out into a city of hurtAll by myself
All by myself
All by myself
To be myselfTo my knowledge there's nobody in this town
But I've seen your face and hair shinning like gold
You walked up to me and told me to sit down
You brought me food as I walked into your home
All by myself
All by myself
All by myself
To be myself
