All My Friends

Cowboy

It's all gone
For the last time it seems
Its a shame

All the the feelings were lost in our schemes
The times we had were fun
But did we have to have them all the time?
Someday we'll find
We should have relied on time

All my friends came to see me this year
And I was glad to have them here
Now maybe we've gone away
But we can come back any day
If we find how to rely on time

All my love, think of me through the years
About the way friends can laugh at their fears
The better part of you
Can make it all come true
If we find, how to rely on time.
