

# All My Friends

## Cowboy

It's all gone  
For the last time it seems  
Its a shame

All the the feelings were lost in our schemes  
The times we had were fun  
But did we have to have them all the time?  
Someday we'll find  
We should have relied on time

All my friends came to see me this year  
And I was glad to have them here  
Now maybe we've gone away  
But we can come back any day  
If we find how to rely on time

All my love, think of me through the years  
About the way friends can laugh at their fears  
The better part of you  
Can make it all come true  
If we find, how to rely on time.
