Basic Instinct

The Acid

Tender we fall
Quiet and alone
Tired and gone, just speechless
Speechless
Tired and goneComing up for air
Coming up for air air
Coming up for air
Coming up for air airComing up for air
Coming up for airPush me back in
Silent in sin
Fight in water
want it, want it
Basic instinctI'm tired, I don't want it
I'm tired, I don't want it
I'm tired, I don't want it
I'm tired, I don't want
I'm tired, I don't want it
Tired, I don't wantComing up for air
Coming up for air air
Coming up for air
Coming up for air airComing up for air
Coming up for air air
Coming up for air
Coming up for air airComing up for air
Coming up for air air
Air (continued)
