Private Number

The Jets

You got the key
My private number
Exclusively, there's no other half
For meYou're the combination
The secret word that unlocked my door
Remedy to ease the pain
You're every thing that I've been wishing forYou keep the smile on my face
My heart's in overdrive
But when did I last try to get inside
I've got nothing to sayAnd that's the wasted time
Just idle talking
May you never do mistakes
LoveYou got the key
My private number
Exclusively, there's no other half
For meI've got an unlisted telephone
So any time I hear it ring
It has to be you that's calling
Don't have to hide behind an answering machineI'd like to feel you're in me
For making shadows in the night
And through the curtain lace
Your light has seen me
It shines bright as the sunYou always leave a trace
Of what I'm thinking
You'll always be my
Number one 'causeYou got the key
My private number
Exclusively, there's no other half
For meYou got the key
My private number
Exclusively, there's no other half
For meAnytime you feel that we
Should make a love connection
You'll never find a busy sign
The line is clear to my affectionPrivate number, private number
Private numberYou got the key
My private number
Exclusively, there's no other half
For meYou got the key

My private number
Exclusively, there's no other half
For me
