Let Go

SEU Worship

In your presence
Every wall Iâ€™ve built up
Everything I cling to
Fades away

In your presence
Nothing stands between us
When all else fails
I know youâ€™re over remains

Ohhhhhhh
Ohhhhhhh

In your spirit
Every fear is silent
I am now awakened by your peace

Now youâ€™ve promised
Death is now forgotten
You will never fail us
You will never fail

Through the dark
Youâ€™re reaching for my heart
Restoring every weakness for your good

Every sin
Is covered by your blood
Iâ€™m resting in your mercy
Fully yours

Through your spirit
Every fear is silent
I am now awakened
By your peace

Now youâ€™ve promised
Death is now forgotten
You will never fail us

You will never fail

Through the dark
Youâ€™re reaching for my heart
Restoring every weakness for your good

Every sin
Is covered by your blood
Iâ€™m resting in your mercy
Fully yours

Through the dark
Youâ€™re reaching for my heart
Restoring every weakness for your good

Every sin
Is covered by your blood
Iâ€™m resting in your mercy
Fully yours

Ohhhhhhh
Ohhhhhhh

Iâ€™m not giving up
Ohhhhhhh

I give up
I let go
My heart will find its home in you

Your presence
I run into
So take me deeper here with you

I give up
I let go
My heart will find its home in you

Your presence
I run into
So take me deeper here with you

I give up
I let go

My heart will find its home in you

Your presence
I run into
So take me deeper here with you

Oh you take me deeper
With you

I wanna be where you are

Through the dark
Youâ€™re reaching for my heart
Restoring every weakness for your good

Every sin
Is covered by your blood
Iâ€™m resting in your mercy
Fully yours
