Say It (feat. Claude Deuce)

Pure n Heart

What do I do when the world is coming down on me?
What do I say I wanted to give up now.
What do I do my friends they turn their backs on me.
What do I say I wanted to give up now.
What do I do can't get ahead in my school
What do I say the teacher says give up now
Sick and tired of fighting this battle
I'm weary
I feel like quitting
Just hold on
Things will work in your favor
You just gotta believe
Open your mouth and say
Say ohhh
I can have what I say
What do I do
I've been this way for so long
What do I say
I wanted to give up now
What do I do
When my money's looking funny
What do I say
When my wallet says give up now
What do I do
When sickness comes in my body
What do I say
When the doctor says give up now
Sick and tired of fighting this battle
I am weary
I feel like quitting
Just hold on things will work in your favor
you just gotta believe open your mouth and say
Let the weak say I am strong
I am strong I am strong
Let the poor say I am rich
I am rich I am rich
Let the blind say I can see
I can see I can see
Let the sick say I am healed

I am healed I am healed
Let the lame say I can walk
I can walk I can walk
You can make all A's in school
A's in school A's in school
Say ooh Say ooh
I can have what I say
You can do all things through Christ
Things through Christ things through Christ
I can be what He wants me to be
Wants me to be wants me to be
Say ooh Say ooh
I can have what I say
