

# Survival Into the 21st Century

## The Babe Rainbow

White knight and your eyes, hold me closer  
Tree of life  
She's a beauty like season like tide rollin' onUp and up to a view,  
Just to fade outFire down it's too dark to read your eyes  
Go ahead let the world change it's alright with you  
Third-star-to-the-right  
See you in my dreams tonight  
Montre ton vrai visage  
Ne soit plus un mirage  
Rentre À la nage  
Et prend le virage  
Qui te ramÃ`ne au village  
Oublie ton age  
Garde cette image  
Des Ã©toiles et des nuage
