

# Hole

## Kelly Clarkson

Tired of everything around me  
I smile I don't feel a thing, no  
I'm so far from where I need to be  
I've given up on faith, on everything  
All I want, all I need is some peace  
There's a hole inside of me  
It's so cold, slowly killing me, yeah  
Secrets, secret  
Eating at the core of me  
(Eating at the core of me)  
You shut off, you shut off  
Trusting all the lies I breathe  
I'm so far from where I need to be  
I've given up on faith, on everything  
All I wanted, all I needed was some peace, yeah  
There's a hole inside of me  
It's so damn cold, slowly killing me, yeah  
Sinking ever so slowly  
So far from where I should be  
No hands reaching out for me  
Help me, help me  
Something's gone, I can feel it  
It's all wrong, I'm so sick of this, yeah  
There's a hole inside of me  
It's so cold, slowly killing me, yeah  
There's a hole  
(Sinking ever so slowly)  
Inside of me  
(So far from where I should be)  
It's so damn cold  
(No hands reaching out for me)  
Slowly killing me, yeah  
(Help me, help me)
