Wearing Your Ring

What's Eating Gilbert

I'll never stop wearing your ring even though we fight
Baby, we're for eternity
Even though my eyes don't say you put the stars in my sky
Baby, I'm wearing your ring [x2]I recall the night and how you looked at me
I must have said something embarrassing
When you turn your back all mad and walked away
I just had to laugh 'cause you still look sweet to meI'll never stop wearing your ring even though we fight
Baby, we're for eternity
Even though my eyes don't say you put the stars in my sky
Baby, I'm wearing your ring [x2]You can say you're through, a future you don't see
Think I'm on the run and can't catch up with me
Go and take your time and think, figure this all out
I'll be waiting here, a love that will never burn outI'll never stop wearing your ring even though we fight
Baby, we're for eternity
Even though my eyes don't say you put the stars in my sky
Baby, I'm wearing your ring [x2]Baby, I'm wearing your ring
