

Can't Keep on Loving You (From a Distance)

[Elliott Yamin](#)

How do I get close
When she looks like an angel
A moment of her time,
Just seems impossible to me It's hard to find the words,
To get to know this stranger
I'm scared of what she'll say
If what I say sounds incomplete And it feels like we belong together
Can someone tell me where do I start? 'Cause I can't keep on, feeling the way I do
I can't keep on, hiding my heart from you
I got to say something before
Someone else comes through
I can't keep on loving you
From a distance
She's always on my mind,
There's no room left for thinking
I'm tired of waiting slowly fading at least I'm happy now 'Cause I'm running out of time,
And I feel this ship it's sinking
The doors are closing, I am frozen
I need her around And it's feels like we belong together
Can someone tell me where do I star? 'Cause I can't keep on, feeling the way I do
And I can't keep on hiding my heart from you
I got to say something before
Someone else comes through
I can't keep on loving you.
From a distance (I'm in love)
From a distance
From a distance
From a distance
I can't hide
I can't keep on, feeling the way I do
I can't keep on hiding my heart from you
I got to say something before
Someone else comes through
'Cause I can't keep on loving you
I can't keep on loving you.
From a distance
