

Friend Is A Four Letter Word

Cake

To me, coming from you, friend is a four letter word
End is the only part of the word that I heard
Call me morbid or absurd, but to me, coming from you
Friend is a four letter wordTo me, coming from you, friend is a four letter word
End is the only part of the word that I heard
Call me morbid or absurd, but to me, coming from you
Friend is a four letter wordWhen I go fishing for the words I am wishing you would say to me
I'm really only praying that the words you'll soon be saying
Might betray the way you feel about meBut to me, coming from you, friend is a four letter word
