

Please, Please Baby (Acoustic Version)

Dwight Yoakam

Please, please baby, baby come back home
It's so cold and dark here all alone
You come back I promise I'll be good
You come home, baby, I'll act like I should I laughed when you packed your bags and told me goodbye
I hollered, "I don't need you," oh but honey, that's a lie Please, please baby, baby come back home
It's so cold and dark here all alone
You come back I promise I'll be good
You come home, baby, I'll act like I should If you don't come home dear, I know I'll go insane
Sweetheart, I plead guilty, darlin', I'll take all the blame Please, please baby, baby come back home
It's so cold and dark here all alone
You come back I promise I'll be good
You come home, baby, I'll act like I should Please, please baby, baby come back home
It's so cold and dark here all alone
You come back I promise I'll be good
You come home, baby, I'll act like I should
You come home, baby, I'll act like I should
You come home, baby, I'll act like I should
