Plasmatic

Zeromancer

Eat myself from a silver spoon
Think I need some of that breathing room
Do you hear the ringing in my ear?
Am I the only one who can make myself disappear?Plasmatic, what is wrong
When your ego is a rose in bloom?
Plasmatic, all I know
Is my ego is a room without a viewFed up of repeating myself
You are looking for something I haven't got
Fed ex dreams when things are too slow
Only let you know what you need to knowPlasmatic, what is wrong
When your ego is a rose in bloom?
Plasmatic, all I know
Is my ego is a room without a viewNow, now, now is the time, time, time
Now, now, now is the time, time, time
(For you and me)Now, now, now is the time, time, time
(For you and me)
Now, now, now is the time, time, timePlasmatic, what is wrong
When your ego is a rose in bloom?
Plasmatic, all I know
Is my ego is a room without a viewPlasmatic, all I know is my ego
Plasmatic, all I know is my ego
Plasmatic, all I know is my egoPlasmatic, what is wrong
(Plasmatic)
When your ego is a rose in bloom?
(Is a rose)Plasmatic, all I know
(Plasmatic)
Is my ego is a room without a view
(Is a room)
