

I Want My Innocence Back

Emilie Autumn

I want my innocence back and if you can't give it to me
I will cut you down and I will run you through
With the dagger you sharpened on my body and soul
Before you slit me in two and then devoured me whole I want my innocence back
I want my innocence back
I want my innocence back I want my innocence back
I want my innocence back
I want my innocence back
I want my innocence back I want my innocence back and if you can't pacify me
I will break your bones, you think I'm bluffing, just try me
I will never forget the words you used to ensnare me
Till my dying day you'll suffer for this, I swear I want my innocence back
I want my innocence back
I want my innocence back
I want my innocence back I want my innocence back
I want my innocence back
I want my innocence back
I want my innocence back And I demand you put my heart back in my hand
And wipe it clean from the mess you made of me
And I require you make me free from this desire
And when you leave I'd better be the innocent I used to be I want my innocence back
I want my innocence back
I want my innocence back
I want my innocence back I want my innocence back
I want my innocence back
I want my innocence back I want my innocence back
I want my innocence back
I want my innocence back
I want my innocence back
