

Don't break my heart

BK!

(Answering machine)

Hi, this Tasha you reached me at the wright number but at the wrong time you know what to do (beep)

[B.o.B]And so i'm thinking to myself girl i need you

There ain't a price that you could pay to make me leave you

I get you anything and everything to please you

I'm standing outside of your window just to see you

You grap my heart and smash it down to the flo

Then you, you say you want me, then it's leave me alone.

So i'm asking myself if I did something wrong,cuz you yelling, cussing, fussing now you hanging up the phone.

I say i love you once

i say i love you twice

I'mma be outside your house

I stay up all night

I'mma play this good time, gurl

to show you how i feel

ha ha how i feel

why do you Build me up

buttercup baby

just to let me down

and mess me around

and worst of all you never call, baby when you say you will

I love you still

I need you

i need you more than anyone , darling

you know that i have from the start

So Build me up

buttercup don't break my heart

Well...

I'm reminicing on the thangs we'd um been thru
like that time you through that brick through my window

I swear to God around that time i coulda lynced you
couple of hours later i wanted to hug, love and kiss you

You said you can't take it no more

but you didn't walk out of that door

You say that you change

but we fussing and fighting where ever we go
all out in public every body watching like a reality show

But it don't matter no more

Cuz you know i can't let you go

I say i love you once
i say i love you twice
I'mma be outside your house
i stay up all night
I'mma gonna play this good time, gurl
to show you how i feel
ha ha how i feel
why do you build me up

buttercup baby
just to let me down
and mess me around
and worst of all you never call, baby when you say you will
But I love you still
I need you
i need you more than anyone, darling
you know that i have from the start
So build me up
buttercup don't break my heart

all the fellas in the house if you not too proud look your woman in the face and tell her right now:

I need you
i need you
i need you
i need you baby
i need you
i need you
i need you

all the ladies in the house if you not too proud won't you look ya man in the face and tell him right now:

i need you
i need you
i need you
i need you baby
i need you
i need you
i need you

why do you build me up
buttercup baby
just to let me down
and mess me around
and worst of all you never call, baby when you say you will
But I love you still
I need you
i need you more than anyone, darling
you know that i have from the start
So build me up

buttercup don't break my heart

don't break my

don't break my heart

I need you (eeh)
