Loss for Words

Tait

I'm at a loss, I'm at a loss for words, I really want to say
I'm finding for myself
What can I do, when every road I travel leads me back to you
Instead of somewhere else, I apologize'Cause what I wanted to say never came out the way
I wanted it to, I wanted it to
'Cause what I wanted to say only got in the way
I never meant to hurt you, but I didn't have a clueI'm just a man, I'm just a man in need of something better than I'm finding for myself
You count the cost for everything you gain there's always something lost
But you're worth so much more, listen to my heart whispering, I need you'Cause what I wanted to say never came out the way
I wanted it to, I wanted it to
'Cause what I wanted to say only got in the way
I never meant to hurt you, but I didn't have a clueEmpty words cannot suffice
I've been runnin' from what I know is right
But only yours are words of life'Cause what I wanted to say never came out the way
I wanted it to, I wanted it to
'Cause what I wanted to say only got in the way
I never meant to hurt you'Cause what I wanted to say never came out the way
I wanted it to, I wanted it to
'Cause what I wanted to say only got in the way
I never meant to hurt you, but I didn't have a clueEvery time you come around, every time I make a sound
Every time you come around, every time I make a sound
Every time you come around, every time I make a sound
Every time you come around, every time I make a sound
