# Boomerang

## Podunk

If you've been searching for water
If you've been craving the feast
If all the things you ever wanted
Left your eyes without sleepAll you gotta do is let go
All you gotta do is let goIf you've been looking for diamonds
if you've been praying for peace
If all your people gotten further
And left you spirit so weakAll you gotta do is let goJust let if go, if it's love
It will come back to you
Just let it go, if it's love
It will come back to you
Just let it go if you let it go
It will come back to youIf you've been longing for angels
While you were running from your beast
Has your lover gotten further?
And left you down on your beggin' knessAll you gotta do is let goJust let if go, if it's love
It will come back to you
Just let it go, if it's love
She will come back to you
Just let it go if you let it go
It will come back to you
