Killing Myself Again

Deadstar Assembly

Every page of my suicide script
They all have a cross to bear
Like a hammer to the teeth
Answer my misguided prayerWatch it kill you, watch it kill me
My hypocrisy is so sincere
Each dose of delusion
Becomes a feeding frenzyCarving this message into my skin
Haunting me
This isn't the way I want to live
It's killing me
It's killing me
Carving this message into my skin
With not one shit left to give
I don't know if I'm gonna be
It's killing me
It's killing me to liveKilling myself again
Killing myself again
Killing myself again
I'm killing myself to live
Killing myself again
Killing myself again
Killing myself again
I kill myself to liveCarving this message into my skin
Haunting me
This isn't the way I want to live
It's killing me
It's killing me
Carving this message into my skin
With not one shit left to give
I don't know if I'm gonna be
It's killing me
It's killing me to liveKilling myself again
Killing myself to live
Killing myself again
Killing myself to live
I'm killing
I'm killing
I'm killing
I'm killing myself to liveCarving this message into my skin

Haunting me
This isn't the way I want to live
It's killing me
It's killing me
Carving this message into my skin
With not one shit left to give
I don't know if I'm gonna be
It's killing me
It's killing me to live
