

Let It Go

Newsboys

You are waiting on a beach
For a healing word to come
Maybe an apology in a bottle
Maybe a flare that says, "I'm sorry"
And the hurting leaves you numb Will you forgive?
Will you forget?
Will you live what you know?
He left his rights
Will you leave yours?
You don't understand it
Let it go You are waiting on a beach
This is where the east meets west
And as another sun sets on your anger
The darkness laughs, as the wound destroys
And it turns your prayers to noise Will you forgive?
Will you forget?
Will you live what you know?
He left his rights
Will you leave yours?
You won't understand it
Let it go
You won't understand it
Let it go This bitterness you hide
It seeps into your soul
And it steals your joy
'Til it's all you know
And let it go
Let it go
Let it go
Let it go Will you forgive?
Will you forget?
Will you live what you know?
He left his rights
Will you leave yours?
You won't understand it
Let it go Will you forgive?
Will you forget?
Will you live what you know?
Beneath the cross

You hear His words
"Father, forgive them"
And you know
You can't understand it
Let it go Just let it go
Just let it go
Just let it go
Just let it go
Just let it go
Just let it go
Just let it go
Just let it go
Just let it go
