Radio People

Zapp

Radio, radio,
On my radio,
Radio,You can find it all on your radio,
On your radio,Whenever I'm alone,
And I need, (I need, I need)
Some company, (radio)You know I,
Have a friend, (have a friend)
That I can listen to,
On my radio.Stereophonic, groovalistic, realistic, superalistic,
Whatever's right for you.You can find it all on your radio,
On your radio, (on your radio)You can find it all on your radio,
On your radio, (on your radio)You can find it all on your radio,
On your radio,You don't need nobody,
You just touch the special dial,
On your radio.W-C-A-D,
W-C-A-D,
W-C-A-D,
Help the radio.Whatever sounds you like,
The music plays all night,
You can find it all,
On your radio
On your radioWhoa-oa-oa radio
You can find it all on your radio,
On your radio,You can find it all on your radio,
On your radio,
Radio.I like,
My radio,
I like,
My radio.In the morning,
Your DJ wakes you up.
In the afternoon,
You can take him on the freeway.
Late at night,
He'll still be there for you, (for you)
On your radio.You get music on
Your radio
Radio, radioYou can find it all on your radio,
On your radio,
On your radio, (radio)

On your radio,
On your radioYou can find it all on your radio,
On your radio, (on your radio)You can find it all on your radio,
On your radio, (on your radi-radio)You can find it all on your radio,
On your radio, (on your radi-radio)
