

# Video Girl

Drake

You met in work, you should've known better  
It's gonna suck when the camera stops rolling  
And you'll find out soon that the treatment wasn't worth it  
They're all the same, they all want the money  
They're all insane, they live for fame, honey  
They laugh at you when you're not even being funny  
Well, I've been here before  
And I've seen firsthand and front row seat  
This little thing they call a video girl  
Video girl rocked my world for a whole two seconds  
And now I know I'm not about to be another victim  
Get out of my face, get out of my space  
Get some class and kiss the past  
'Cause I'm not about to be another victim  
Of the video girl syndrome  
You know it's bad when your mama doesn't like her  
All your friends sayin' she's a liar  
Never ending phone calls aren't enough  
It's not enough, it's never enough  
Move to LA, got no talent  
Not even like you won a Miss Teen pageant  
Daddy pays your bills but you still whine  
Well, I've been here before  
And I've seen firsthand and front row seat  
What happens to a man when he gets in the hands of a  
Video girl rocked my world for a whole two seconds  
And now I know I'm not about to be another victim  
Get out of my face, get out of my space  
Get some class and kiss the past  
'Cause I'm not about to be another victim  
Of the video girl syndrome  
You are never gonna see me miss her  
Video girl syndrome  
I'm not gonna be another victim  
Of the video girl syndrome  
Video girl rocked my world for a whole two seconds  
And now I know I'm not about to be another victim  
Get out of my face, get out of my space  
Get some class and kiss the past

I'm not about to be another victim  
Of the video girl syndrome  
I won't be a victim  
Of the video girl syndrome
