

# Hampmotized

[Susan Tedeschi](#)

We'll I've been Hampmotized  
Been taken by surprise  
Little did I realize  
That I'd been Hampmotized Pick a number between one and ten  
He's gonna be your very best friend  
He'll take you down to the track awhile  
You'll spend all your money but you'll still leave in style You've been Hampmotized  
Been taken by surprise  
Little did I realize  
That I'd been Hampmotized He'll tell you what planet you came from  
Tell you when you're going back home  
Sun Ra appears right before your eyes  
He says, son of Bizarro you've been hampmotized Hampmotized  
Been taken by surprise  
Little did I realize  
I'd been Hampmo Hampmotized Hampmotized  
Taken by surprise  
I'd been Hampmotized, Hampmotized, Hampmotized
