We Don't Have Anything

Sinnergod

I' am under a spell
Awake from the shadows
A hand full of pills, wash them down with a bottle
Why don't you leave alone, no feelings are left, gone away, turned to stone
Fuck you, what's wrong with your brain?
Round in my head I think I'm going insane
Just please step back turn away, no feelings are left yet you're wanting to stayPlease leave me be
We don't have anything
Why can't you see?You've beaten my heart, long will it fray
Lost in the shadows longing to be free
Can we be friends?
You've beaten my heart, always afraid
Lost in the shadows longing to be free
Can we be friends?Feel the dirt in my veins
Soak up all the sorrow
The hurt and the pain will appear again tomorrow
Must fill this hole in my head
Fulfill with rage and narcotics instead
Fuck you, what's wrong with your brain?
Round in my head I think I'm going insane
Just please step back turn away, no feelings are left yet you're wanting to stayPlease leave me be
We don't have anything
Why can't you see?You've beaten my heart, long will it fray
Lost in the shadows longing to be free
Can we be friends?
You've beaten my heart, always afraid
Lost in the shadows longing to be free
Can we be friends?
