

# Rumor

Lee Brice

Girl you know I've know you forever  
How many nights we hung out together  
Same little crowd, little bar, little town  
Round this old dance floor  
My boys are laughing and tap me on the shoulder  
Making a motion like "'Could y'all get any closer?"  
They wanna know what's up when I'm still holding ya  
Even when the song is over There's a rumor going round about me and you  
Stirring up our little town the last week or two  
So tell me why we even trying to deny this feeling  
I feel, don't you feel it too?  
There's a rumor going round, and round, and round  
What d'you say we make it true?  
We make it true  
Oh, we make it true  
Well I can shut 'em down, tell them all they're crazy  
I can do whatever you want me to do, baby  
Or you could lay one on me right now  
We could really give them something to talk about There's a rumor going round about me and you  
Stirring up our little town the last week or two  
So tell me why we even trying to deny this feeling  
I feel, don't you feel it too?  
There's a rumor going round, and round, and round  
What d'you say we make it true, baby? Oh be honest girl now  
Do you want to do this or not?  
Should we keep them talking, girl  
Or should we just make them stop?  
There's a rumor going round about me and you  
Stirring up our little town the last week or two  
So tell me why we even trying to deny this feeling  
I feel, don't you feel it too?  
There's a rumor going round, and round, and round  
What d'you say we make it-  
Make it true?  
What d'you say we make it true?  
Come on over here  
Let's really give them something to talk about, baby  
There's a rumor going round
