

The Night You Murdered Love

ABC

It's cold outside, the night love died
On the night you murdered love
It's cold outside, the night love died
On the night you murdered love From an early age
I was taught to respect
That a broken heart, girl
Aint a thing you collect Close your eyes and say
Nothing lasts a day
Youre wasting my time
Yet I love to love you Close your eyes and say
Honor love obey
Youre wasting my time
Yet I love to love you It's cold outside, the night love died
On the night you murdered love
It's cold outside, the night love died
On the night you murdered love January, February
March and April, May
June, July sees you go by
I see love walk away Didnt use a blade
A bullet or a gun
You poisoned the moonlight
When you put out the sun Close your eyes and say
Nothing lasts a day
Youre wasting my time
Yet I love to love you Close your eyes and say
Honor love obey
Youre wasting my time
Yes, I love to love you It's cold outside, the night love died
On the night you murdered love
It's cold outside, the night love died, baby
On the night you murdered January, February
March and April, May
June, July sees you go by
I see love walk away Love to love you Close your eyes and say
Nothing lasts a day
Youre wasting my time
Yet I love to love you It's cold outside, the night love died
On the night you murdered love
It's cold outside, the night love died

On the night you murdered loveIt's cold outside, the night love died

On the night you murdered loveYes, you murdered love

And you murdered love

Yes, you murdered love

And you murdered love

Yes, you murdered love

Yes, you murdered love

Yes, you murdered love
