"You're Never Alone"

Garry Moore

woh ooh woh ooh You're Never Alone(1st Verse)
sitting there in that lonely house
you're feeling down and out
you shouldn't be feeling that way
you keep it to yourself
don't bother no one else
you hope it fades away
he knows just how you feel
your broken heart he'll heal
he specializes in this
and where there is despair
he reaches out his hand
he can erase the pain(Bridge)
I'm with you always everything will be ok
i'm standing by your side
you'll never walk alone i'll be your all in all
i'll make everything right(Chorus)
Cause you're never alone you're not on your own
you're never alone you're not on your own(2nd Verse)
Now that some time has past
you find the pain didn't last
you don't feel no more hurt
you have the comforter
to lead and guide you
until the end of the world
he'll never leave you
he wont forsake you
he'll be your closest friend
and when you need someone
someone to lean on
well you can lean on him(Bridge)
I'm with you always everything will be ok
i'm standing by your side
you'll never walk alone i'll be your all in all
I'll make everything right(Chorus)
Cause you're never alone you're not on your own
you're never alone you're not on your own
