# Spark

## Nitin Sawhney

All the colors are crackling, the leaves are alive
With a note from your heart I keep written inside
Frozen air surrounds your eyes
As you speak fountains collideWith a mouthful of stars I trip over my feet
You've blown me away, I can hardly speak
Stolen my silence, scattered my peace
I'm lost in the dark, mislaid my sparkMemories of you fading into the past
To keep you inside, freeze your kiss so it lasts
In the shadow of your light
I live my days like they were nightsWith a mouthful of stars I trip over my feet
You've blown me away, I can hardly speak
Stolen my silence, scattered my peace
I'm lost in the dark, mislaid my sparkAll the space that you need and the silence you plead
I've thrown them away 'cause your signs I can't read
Forgotten thrills in the sudden chills
Frozen air surrounds your eyesWith a mouthful of stars I trip over my feet
You've blown me away, I can hardly speak
Stolen my silence, scattered my peace
I'm lost in the dark, mislaid my sparkI'm lost in the dark, mislaid my spark
Lost in the dark
