

# You Know the Rest

## 'Til Tuesday

Here I go again  
Making promises  
If I tell you no  
It still sounds like yes You know the rest  
(It's not so easy)  
You know the rest  
(It's not that easy)  
Do I have to say it? Am I in too deep?  
(You know the rest, you know)  
Can I still confess?  
(You know the rest, you know)  
When you trusted me  
(You know the rest, you know)  
That was just a guess, I guess You know the rest  
(It's not so easy)  
You know the rest  
(It's not that easy)  
Do I have to say it? Well, I warned you once  
But without success  
And I just escape  
With my heart a mess, oh You know the rest  
(It's not so easy)  
You know the rest  
(It's not that easy)  
Do I have to say it? Oh, oh, you know the rest  
You know the rest, oh  
Do I have to say it? You know the rest  
(It's not so easy)  
You know the rest  
(It's not that easy) You know the rest  
(It's not so easy)  
You know the rest  
(It's not that easy) You know the rest  
(It's not so easy)  
You know the rest  
(It's not that easy) You know the rest  
(It's not so easy)
