

# Bible Club

Adam Green

She's my baby, she's my love  
Pixie queen of Bible Club  
Seen her round the fountain, sipping cokes  
Crafting brand new Polish jokes And I can't explain, why my accent changed  
I guess there's still some hope  
To score some dope  
She needs to be changed inside She's my waitress, she's the boss  
Lips and teeth of Santa Claus  
Pencil in the dentist, clean the crops  
Have you seen my soda box? There was a Polish priest  
That thought that he could please  
He got me so whacked out  
I nearly lost my house  
'Cause nobody needs me, yeah
