

# This Light Between Us (ft. Christian Burns)

[Armin van Buuren](#)

Can you see this light between us  
Keeps me breathing through the storm  
My head above the crowd Can you see this light between us  
So come a little bit closer now  
It's in our eyes You and me, we're just believers  
Believing what we hold  
But sometimes we fall to pieces  
In the dusk So we should dance like this forever  
We're safer on the ground  
When a million lights surround you  
And you're moving to the sound Don't waste another moment  
It's waiting for you now  
So dive in this new beginning  
Let the glowing show you how I will take, this light between us  
Keeps me breathing through the storm  
My head above the crowd Can you see this light between us  
So come a little bit closer now  
It's in our eyes We'll take a ride outside together  
The streets are lined with gold  
Where the good become the wanted  
Not the soul Don't waste another moment  
I'm waiting for you now  
So dive in this new beginning  
And let the colour show you how I will take, this light between us  
Keeps me breathing through the storm  
My head above the crowd Can you see this light between us  
So come a little bit closer now  
It's in our eyes  
It's in our eyes So dive in this new beginning  
And let the colour show you how I will take, this light between us  
Keeps me breathing through the storm  
My head above the crowd Can you see this light between us  
So come a little bit closer now  
It's in our eyes  
It's in our eyes It's in our eyes
