

Clair Huxtable (Radio Edit)

Louis York

Intro

She Likes to read books on philosophy

She only eats at small cafes

She questions every single part of me

She makes me better everyday

Its not the way she styles her hair

Or the designer clothes she wears

Her silhouette's one of a kind

But most of all she's got a beautiful mind

She's got a beautiful mind

She's got a beautiful mindHook

So many girls I see are wild and lovable

But I'm looking for my queen my Clair Huxtable

The black american dream, sounds so wonderful

The only thing I need is

My Clair Huxtable

My Clair, Clair, Clair Huxtable

My Clair, Clair, Clair HuxtableVerse 1

Be in a brownstone in BK

Listening to Stevie and Coltrane

I know that she's out there for me, ah yeah

Have us a few kids one day

A couple Lisa Bonets

I know that she's out there for me, ah yeahHook
