

Somethin' Special (Beijing Olympic Mix)

Colbie Caillat

I found a way to be everything
I dreamed of
And I know it to me that I will become
Who I want to be
And I finally found it
And I'm taking the long way out
Cause its gonna be
Something special to me
Something special to me

Chorus

Days go by and I'll grow stronger
It takes time but i'll never let go
Days go by and I'll try harder
To make it mine

Its something special to me x3

I found so many things
I dreamed of
And I know it to me
That I will become
Who I want to be
And I finally found it
And I'm takin? the long way out
And its gonna be
Something special to me
Something special to me

Chorus

Days go by and I'll grow stronger
It takes time but i'll never let go
Days go by and I'll try harder
To make it mine

Its something special to me
More than I hoped for
More than I dreamed of
This is how it should be
More than I hoped for

More than I dreamed of
This is how it should be

Chorus

Days go by and I'll grow stronger
It takes time but i'll never let go
Days go by and I'll try harder
To make it mine

Its something special to me (8x)
