

Love Spills

Radkey

Love spills and it looks so pretty.
Seeps through my love, my city.
Love kills,
But in my mind still.
You can't beat that spark, that thrill
The heart beats through the world I pity.
In this world.
In this city.
Blood spills and it looks so pretty.
I've got a feeling and it makes me dizzy.
The heart skips but it's always beating.
In this world.
In this city.
Blood spills and it looks so pretty.
I've got a feeling and it makes me dizzy.
The heart skips but it's always fitting.
In this world.
In this city.
I wanna dream.
In a dream I'd see you.
White dress drenched in red.
I'd remove your heart from your chest I'd steal.
My love my dream made real.
I'll break through to the world I pity.
This world.
This city.
Blood spills and it looks so pretty.
I've got a feeling and it makes me dizzy.
The heart skips but it's always beating.
In this world.
In this city.
Blood spills and it looks so pretty.
I've got a feeling and it makes me dizzy.
The heart skips but it's always fitting.
In this world.
In this city.
Blood spills and it looks so pretty.
I've got a feeling and it makes me dizzy.
The heart skips but it's always beating.

In this world.
In this city.
Blood spills and it looks so pretty.
I've got a feeling and it makes me dizzy.
The heart skips but it's always fitting.
In this world.
In this city.
