

# Forever, For Always, For Love

## Lalah Hathaway

I sing this song  
To remind myself that  
There was a time when I  
    Didn't have no one  
    Didn't have no love  
    Do you remember  
    The love that we once had  
Well, if I had the chance to love you again  
I would make your heart forget I was ever bad  
    If we forgive the past  
    I know this time love would last  
Forever, for always, for love I'm not coming home anymore  
    Does it matter?  
Well, if I had the chance to hold you again  
    I would fill your heart with joy  
And make you know that I'm the only one for you  
    Let's throw the bad memories out  
    And make this the first day of our  
Forever, for always, for love I'd be a fool to ever change  
    If she said she loves the way I am  
    I'd be a fool to ever change  
    If she said she loves the way I am  
It's gonna be starting here, starting now  
    Forever, for always, for love
