

# The Desert Is On Fire

## Murder By Death

I'll leave a trail of fire across this desert  
just to see the desperation in your eyes.  
I'll leave a trail of fire across this desert  
just to see the desperation in your eyes.  
You think you've suffered well you aint seen shit yet.  
the pain wont set in for a long, long time.  
ive fought off angels with my hands behind my back  
ive set the heavens all on fire[x3]  
so sleep in the fallout shelter tonight one and all  
and wrap the children up real tight  
and stop the bleeding before it starts  
and stop the bleeding before it starts I'll leave a trail of fire across this desert  
just to see the desperation in your eyes.
