Nite And Grey

Urge Overkill

I think you should know a few things
You were set up, all three of you
Just like clay pigeons all the way down the line
Let us help you get them, who was it? Who played Judas?
1, 2, 3, 4, 1, 2, 3
Would you lie? Would you lie to me
Down in Memphis or New Orleans?
Would you lie? Would you lie to me?
'Cause I don't need you anymore
'Cause I got free
Nite and grey
Night as day
This is the last time
This is the last time
Nite and grey
Night as day
This is the last time
This is the last time
Nite and grey
Nite and grey
Nite and grey
Never been, never bend a knee
I saw Jesus on the road
And I got freed
Never going down, going down to hell
'Cause I don't need it anymore
I'm already here
Nite and grey
Night as day
This is the last time
This is the last time
Nite and grey
Night as day
This is the last time
This is the last time
Nite and grey
Nite and grey
Nite and grey
Nite and grey

Nite and grey
Nite and grey
Night as day
This is the last time now, now, now
Nite and grey
Nite and grey
Nite and grey
Nite and grey
