New York

St. Vincent

New York isn't New York without you, love So far in a few blocks, to be so low If I call you from First Avenue

Well you're the only motherfucker in the city who can handle meNew love wasn't true love, back to you, love So much for a home run with some blue bloods

If I last-strawed you on 8th Avenue

Where you're the only motherfucker in the city who can stand meI have lost a hero, I have lost a friend

But for you darling I'd do it all again

I have lost a hero, I have lost a friend

But for you darling I'd do it all again

New york isn't new york without you, love

Too few of our old crew left on Astor

So if I trade our 'hood for some Hollywood

Where you're the only motherfucker in the city who would

Only motherfucker in the city who would

Only motherfucker in the city who'd forgive me

I have lost a hero, I have lost a friend

But for you darling I'd do it all again

I have lost a hero, I have lost a friend

But for you darling I'd do it all again
