

We're So Beautiful

My Bloody Valentine

What a wonderful time of year
To come on out and grow your hair
Fall in love with me, oh yeah, oh yeah
Take a look at the others now
Can't you see them get it on
Don't you know that they can do no wrong
Oh we're so beautiful!
Isn't it really cosmic, girl
It's my own little universe
Try to really think of words
Sexual revelations, yeah
Why don't you let it all hang out
Don't you wanna scream and shout oh yeah
Oh we're so beautiful!
