

I'm Here to Kill You

Uncle Acid and the Deadbeats

I saw the world through the stars
That crashed down to guide me to you
You smoked out your brain through a jar
Your blood lust told you what to do
I'm here to kill you and to take you away,
oh I saw your future in time
And all of the evil you do
The mist in the sky was a sign
There'll be no tomorrow for you
I'm here to kill you and to take you away,
oh
And I work all alone
I don't need anyone
Find the seeds that you've sewn
And I'll be there
