

# When Eagles Die

T&N

When eagles die...  
They don't just fly away...fly away...  
The time has come  
Their will must fade away...fade away...MMMMM  
It's not a loss of innocence  
It's just a raging game, When Eagles die!  
Shut down to dream. When eagles die  
I feel the rage come over me. When eagles die!Where evil goes...  
It's always chasing me, chasing me....  
As days go on...The end's no fantasy, fantasy...ooohhh  
Can't let the vision die...suffocate  
Can't let our hearts divide, Keep it straight  
I can't just close my eyes...it'd be a big mistake  
I let the eagle die...Shut down to dream  
When eagles die...I feel the rage come over me  
When eagles die!Can you remember what it feels like?  
Or what we had long ago?  
I only hope that there's a daylight...shining through the storm.  
I can't let it die away, but it's too far gone.  
No coming home!  
When eagles die, can't stop the pain...  
When eagles die, can't fly away...No Coming Home  
When Eagles Die, Apocalyptic Fantasies!  
Salvation's killing me!
